WORK EXPERIENCES

FRONT END DEVELOPER

NM IT Solutions Pvt Ltd / 2023 - present

- Contributed to the development of an HRMS (Human Resource Management System) project by building dynamic, reusable components with React and managing state using Redux Toolkit.
- Collaborated with backend developers to integrate APIs and display data effectively on the user interface.
- Enhanced the application's performance by optimizing React components and reducing unnecessary renders.
- Implemented responsive and mobile-first design strategies for compatibility across devices.

KEY ACHIEVEMENTS

- Built a comprehensive HR management interface featuring employee records, leave requests, and payroll processing.
- Used Redux Toolkit for state management, ensuring efficient data flow and scalability.
- Focused on creating a seamless user experience with clean UI design and intuitive navigation.
